About Us

A textile tradition born in 1972

Since 1972 we transform and customize **fabrics for clothing**. We were born in Modena, Emilia-Romagna, a land where excellence is a trade mark in many activities.

Since 2 generations, we have been following the evolutions and trends in the **textile field**: for anything we do, we are focused on **careful quality check**, on uniqueness, on the relation between us and our Clients and on their full satisfaction, all elements that make the real difference.

Company

Our History

1972

Pontex is established by the business ability of **Mr. Pio Ferretti** from Modena, young salesman in the fashion retail who decides to start an activity in the field of fabrics ennobling.

1976

Pontex becomes a joint stock company and, with a share capital of 1 million, lays the foundations to develop a full business that nowadays transforms woven from basic to ennobled product.

1990

Pontex Spa starts its expansion all around the world soon becoming one of the most known companies in the field of **woven fabrics** under the trademark “Made in Italy”.

2013

Letizia Ferretti becomes CEO of Pontex Spa. The Company exports to more than 30 Countries.

2022

Pontex turns half a century old and becomes a limited liability company (srl).

Our Values

VISION

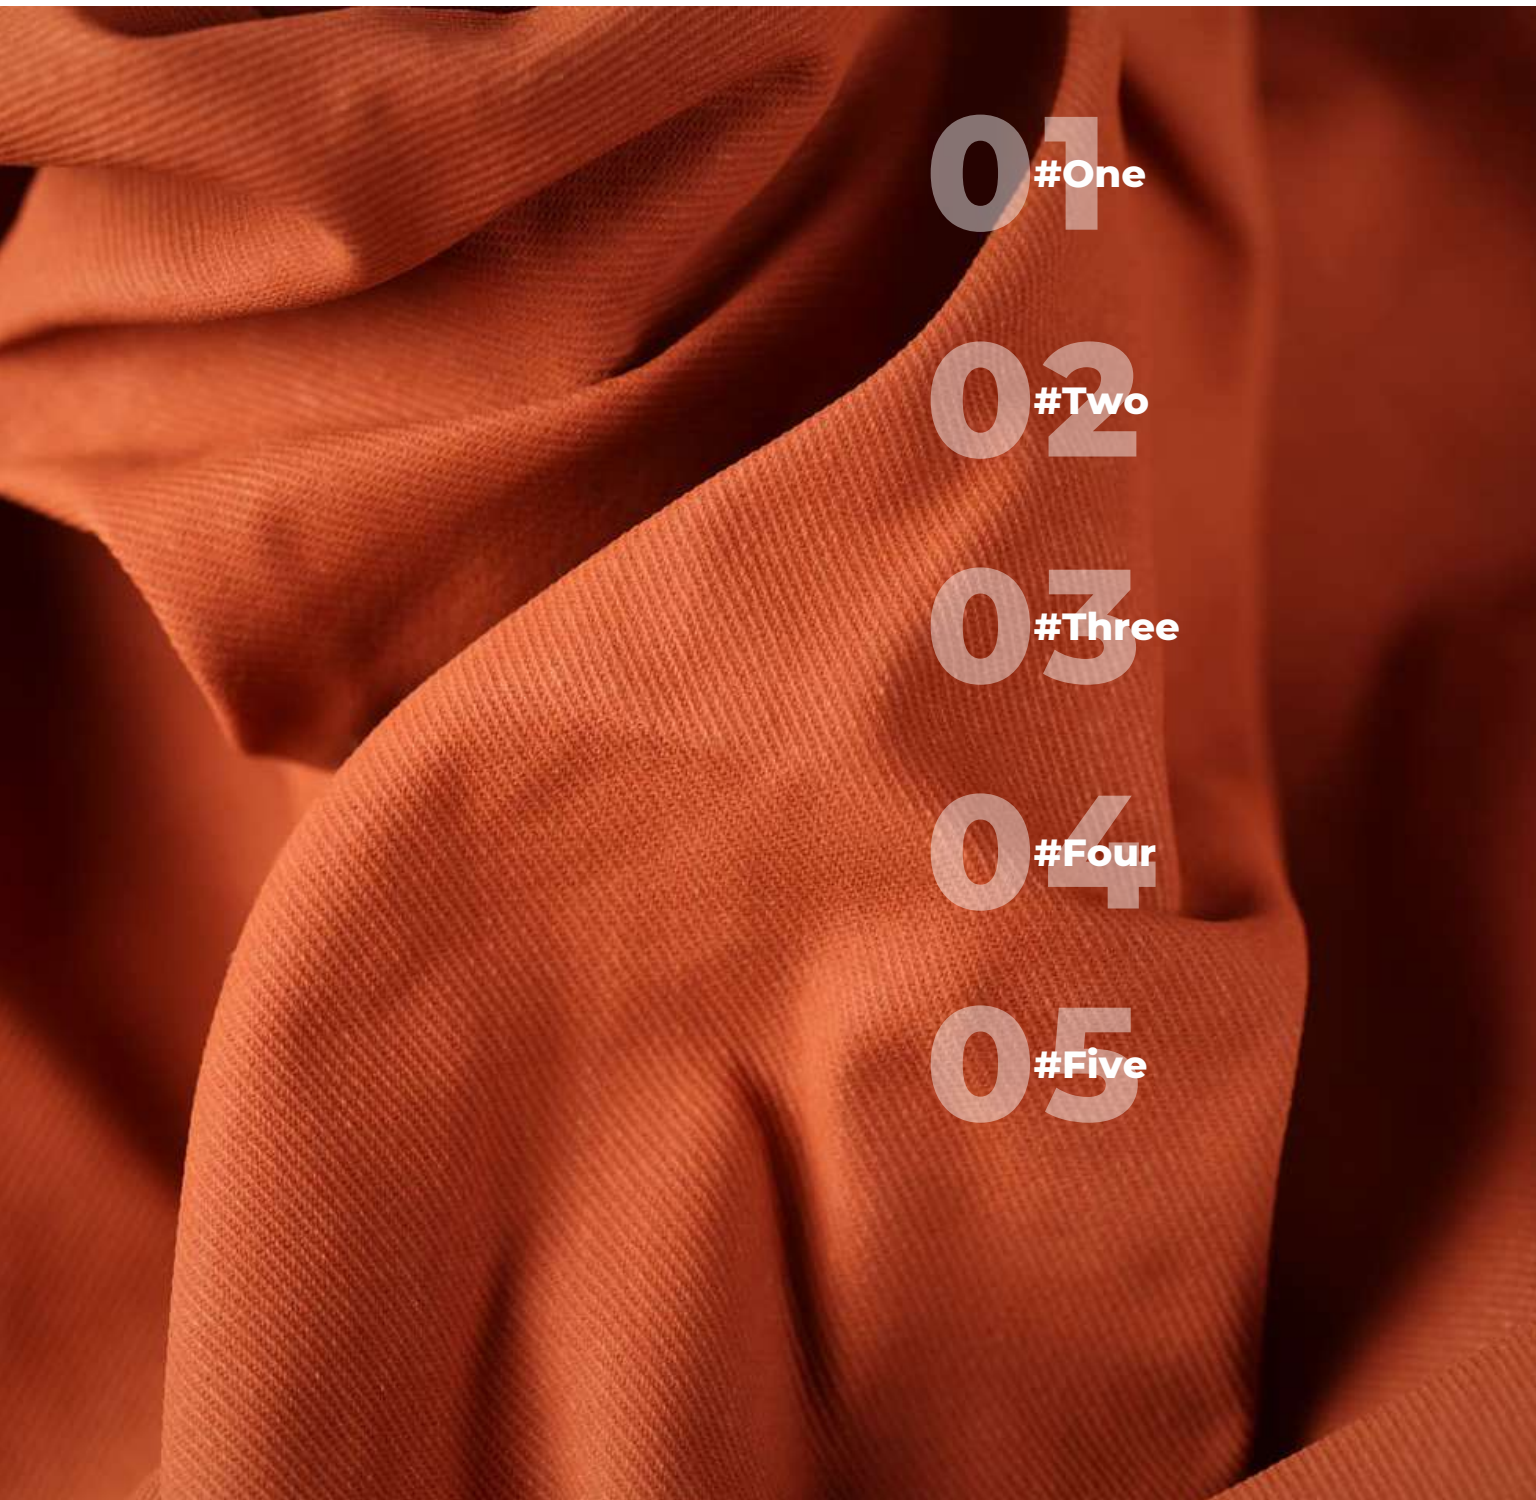

Top-quality **fabrics for clothing**, ideal to realise unique and never anonymous, ethical and aesthetical pieces of clothing to be used in different ways in several combinations.

MISSION

Sustainability & innovation through an attentive research for the best performance in yarns and the use of natural fibres and pigments. A **tailor-made approach** with the utmost customisation of the purchase order concerning quantity and delivery time and ways.

Strength

Reliability and experience

Quality, uniqueness and service

Customization of every fabric, including in finishing

Reliability and fast service

Innovation and Made in Italy

Our Fabrics

Our fabrics reflect the changes and the needs of the market and are inspired by the seasonal trends: to our historical proposals of **linen, cotton, silk and viscose** for the Spring Summer Collection, and heavy cotton, velvet for the Autumn Winter Collection, other tools are added such as **stretch, super stretch, modal, tencel, jacquards yarns, yarn-dyes, resins, prints, bonded** and always customised too, upon request.

Production Process

All textiles products are created and developed at Pontex by its internal **Style and Product Department**

Each fabric is carefully **checked** and undergoes a quality control test.

Traceability: concerning 100% **Made in Italy fabrics** for clothing, the raw material is wholly produced and processed by spinning and weaving companies in Italy.

Utmost customisation of the fabric, thanks to finishing and dyeing processes.

Raw material in **stock service**, sustainable too, available in our warehouse: utmost promptness in supplying and delivering the required product.

Team

Pontex is made up of people.

Because it is people who bring added value to our company: with their competence and dedication, with their sense of responsibility, with their skills.

Certifications

Many of our fabrics have the following certifications:

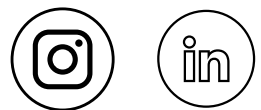

GOTS (Global Organic Textile Standard), **BCI** (Best Cotton Initiative), **OCS** (Organic Content Standard) and **GRS** (Global Recycled Standard).

Pontex production keeps moving towards **natural fibres**, natural pigments and dyes, bio-based resins and coatings in technical fabrics.
